Danske Bank

Strategic Staffing Solutions International client **Danske Bank Group IT Lithuania (DGITL)** is a part of an organization, which delivers world-class digital financial solutions to customers. DGITL is newly established IT site operating from the end of 2014 but it is already the fastest growing IT organization in Lithuanian market. We have an understanding that the current change is Technology-driven, and we prioritize IT as a key component for success in our journey to drive digital disruption in the bank.

DGITL teams work with complex tech challenges and develop Danske Bank's global competitive edge on innovative digital solutions. Teams are driven by job content and shared ownership of strategic services, they own service strategy and lead improvement. One more important feature – senior leadership is present on site.
